CHOOSE A MENTOR

You can choose your mentors – a so called mentor pair – on this page. Your mentor attends the same university as you in all cases, which means that you can only see those mentors that you study in the same university with. To participate in the programme, you have to choose a mentor pair that will help you get used to the Hungarian administrative, higher educational and transportation system. Please take your time to look at the mentors' profiles and choose thoughtfully. Please set a ranking on which mentor pair you wish working with and start with the one you like the most. Once you choose a mentor pair you receive an automatic e-mail containing your mentors' e-mail address. Your mentors also receive your e-mail address. In order to avoid any inconveniences, we ask you to get in touch as soon as possible.
